

How can I start a Community Emergency Hub in my community?

Mission: By prior planning, preparation, and practice, volunteer citizens will have the capacity to activate, as soon as possible after a disaster, a network of pre-located neighborhood Emergency Communications Hub sites.

- Get together with 3-5 others in your community who want to establish a Community Emergency Hub.
- Choose a location to meet, to share information, resources and problem-solve after an emergency.
- Identify the needs, resources and skills in your community.
- Connect with the Seattle Office of Emergency Management by phone or e-mail for more information.
- Get connected to a Hub Mentor.

IT IS THAT SIMPLE!!!!

Need help with resources for getting started?

Apply for Seattle Department of Neighborhood Matching Funds:
